

JT Reliable Solutions, LLC

Monthly bookkeeping + a one-page numbers report for small businesses in metro Atlanta

Clean books every month, and the numbers that show where you actually make money

Most small businesses know their sales but not their profit per job, per customer or per location until tax time. We keep your books current in QuickBooks Online or Xero and send a short monthly report built for your industry, so you can price, hire and plan with real numbers.

Every client gets the core books; the report adds the numbers for your industry, for example:

Cleaning & home services • Profit per client and per job • Labor % by crew • W-2 / 1099 records kept straight	Salons & personal care • Revenue per chair and stylist • Booth rent vs commission • Retail margin, rebooking rate	Restaurants & food • Food and labor cost % • Sales by day and daypart • Sales-tax and tips records
Contractors & trades • Profit per job vs estimate • Materials and labor by job • Receivables aging	Clinics, home health & practices • Revenue per visit and payer mix • Staff cost per visit • Collections and denials trend	Trucking, logistics & e-commerce • Cost per mile or per order • Fuel, shipping and returns % • Margin by lane, channel or product

Other industries welcome: we build the report around the 3-5 numbers that drive your business.

Simple monthly pricing (no long contract, cancel with 30 days notice)

Essentials \$350/month ✓ Up to 75 transactions a month ✓ Up to 2 bank / card accounts ✓ Monthly reconciliation ✓ Profit & loss and balance sheet ✓ Year-end package for your CPA	Growth (most popular) \$600/month ✓ Up to 200 transactions a month ✓ Up to 4 accounts ✓ Everything in Essentials ✓ Industry numbers report (above) ✓ Payroll / 1099 coordination ✓ 30-minute monthly review call	Owner's Plus \$950/month ✓ Up to 400 transactions a month ✓ Multiple locations or crews ✓ Everything in Growth ✓ Weekly cash snapshot ✓ Sales-tax filing preparation ✓ Quarterly pricing & planning session
---	---	--

- **Behind on your books?** Catch-up bookkeeping is a fixed quote after a free review, typically \$1,200-\$4,000 per year behind.
- **Founding-client offer:** the first 5 clients get their first month at half price.
- **Start free:** a 20-minute Books Check. We look at your current setup and tell you what is missing, whether or not you hire us.

How it works

1. Books Check Free 20-minute call. We confirm your software, accounts and volume.	2. Setup (week 1-2) Read-only bank access, chart of accounts tuned to your business, catch-up if needed.	3. Monthly close Books reconciled by the 10th; your report and a short call follow.	4. Year end A clean package goes to your CPA, so tax prep is faster and cheaper.

JT Reliable Solutions provides bookkeeping and financial reporting. We do not prepare or file income-tax returns or give tax or legal advice; we work alongside your CPA. Transaction counts are monthly bank and card lines; higher volumes are quoted separately.
